

The future **Blake Road**.

Spaces for pedestrians and bikes. Improved look and feel. Gathering spaces. Input from **you**.

All of this, and more, is important as the City of Hopkins embarks on the final design phase of the Blake Road corridor project south of Highway 7 in Hopkins.

We want you to be part of the conversation.

Attend an Open House on December 15th, 5:30—8:00pm*
@ Eisenhower Community Center cafeteria (1001 Highway 7 in Hopkins)

*This is a **drop-in** meeting, and you can come in at any time. Displays will be ready for your input, and project team members will be there to talk to you about your ideas. **Transportation will be provided—contact us for details!**

Can't attend, but want to share your thoughts? Follow the online conversation at blakeroad.mysidewalk.com and stay engaged as we post updates and feedback opportunities.

We are also seeking passionate residents for our Community Advisory Committee. Information on the committee's role will be available at the meeting. Please contact Nate Stanley at nstanley@hopkinsmn.com or (952) 548-6356 with any questions.
