Dear Rick,

I am writing to let you know about the outstanding service I have received for several years from Elizabeth Page in the Home Inspections Department. Elizabeth returns calls promptly and provides excellent service. She is willing to search out answers to my questions. Other Realtors in my office also appreciate the response they receive when they call Elizabeth.

As a resident of Hopkins, I am proud of the work your staff provides to Realtors who are assisting home buyers and sellers in Hopkins. It's only one of a million reasons I love living in Hopkins.

Gratefully,

Bonnie Hammel
