Hi Mr. Getschow -

I am thankful today for your employee, Bob Taylor, and wanted to let you know!

My teen age daughter is currently taking classes at Stages Theatre Company and will be working there as an intern in a couple weeks.

Yesterday - somehow- as she was crossing Main Street, she dropped a black folder with many of her theatre papers inside - but more importantly papers with all her personal information, including her social security number!!

Bob found the folder on the street, found my cell phone number in the papers and called me! He was quite concerned about the personal info and wanted to get it back to us asap. I was close by and met Bob on Main St. as he was hanging Raspberry Festival banners and was able to retrieve the folder!

Thanks SO much to Bob for his thoughtfulness and concern - and for taking the extra step to find us. It is so wonderful to happen upon honest people! The folder could have ended up in some bad hands or in the garbage!

Thanks again Bob!!

Gratefully,

Kathy Hoffman
